

FALSE EMPEROR LEADS 50,000 PEASANTS

PRETENDER LEADING FORCES

Government May Have to Face a Formidable Rebellion.

ST. PETERSBURG, Nov. 16, 5:45 p. m.—A false Emperor has suddenly made his appearance near Penza and already his followers number 50,000.

This is the startling report received this afternoon in a dispatch from Simbirsk. Penza is in the heart of the vast region extending westward from the Volga, where agrarian uprisings on a large scale have been occurring and if the report turns out to be true that the pretender to the throne has placed himself at the head of the peasantry, the Government will soon face, besides its other troubles, a formidable agrarian rebellion.

It required a year to suppress the famous rebellion led by Pugatcheff, who impersonated the dethroned and murdered Peter III. in the time of Catherine II. That uprising was started in the same region on the banks of the Volga.

RUMOR CAUSES A PANIC

ST. PETERSBURG, Nov. 16, 4:20 p. m.—A panic prevailed on the Bourse today as the result of a rumor that the Grand Duke Nicholas Nicholasewitch, commander of the Imperial Guard, had been appointed Military dictator.

There was a stampede of holders of industrial stocks, who hastened to unload. Government lotteries fell 25 points to 400, and imperial bonds dropped to 83½, a lower point than touched at any time during the war.

M. Voulch, chief of Premier Witte's chancellery, authorized the Associated Press to positively deny the rumor that a dictator had been appointed. He also declared that it had not been decided to declare martial law in St. Petersburg.

MENACED BY FLAMES

Slight Panic Attends Federation of Labor Convention.

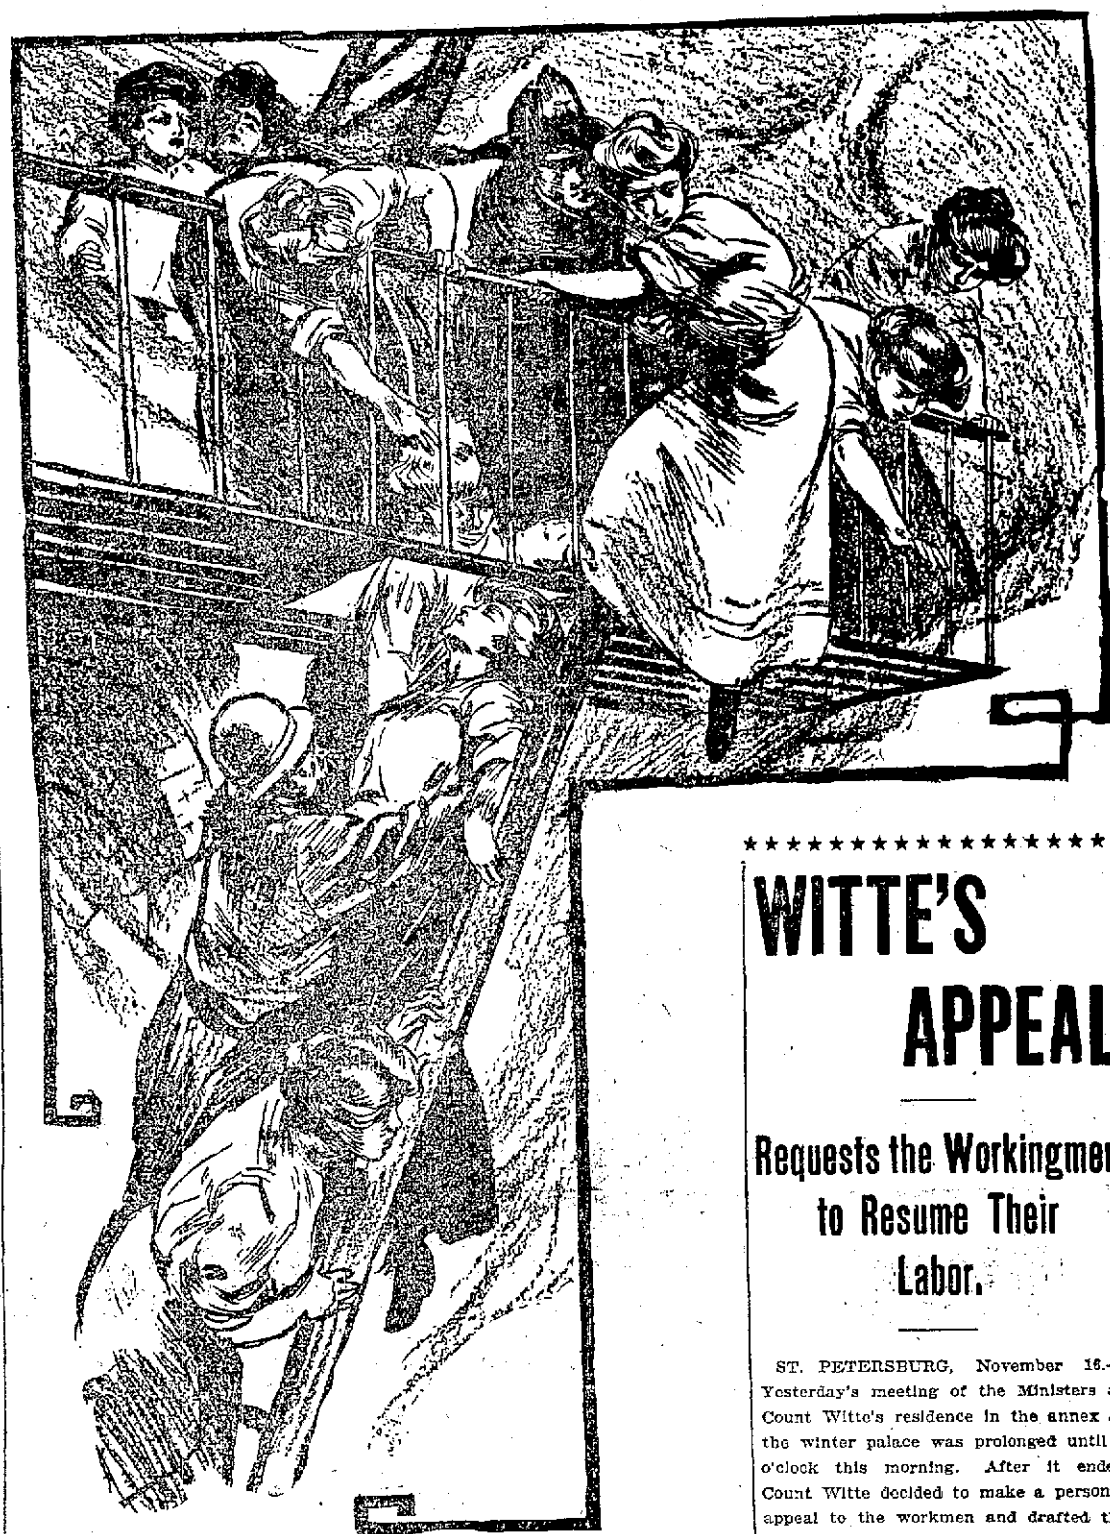

PITTSBURG, Nov. 16.—There was a slight panic among the delegates attending the American Federation of Labor Convention at Old City Hall today, caused by the fire in the rear of the hall taking fire from some unknown cause.

A rush was made for the exits but quiet was soon restored by President Gompers, who rallied loudly for order. The fire burned itself out in a few moments and the convention resumed the transaction of business. No one was injured.

BATTLE WITH FIRE IN TENEMENT HOUSE

RESCUING LODGERS AT NEW YORK TENEMENT HOUSE FIRE.

WORK OF THE BLACK HAND

Five People Are Burned While on Knees Praying For Help.

NEW YORK, Nov. 16.—At least five persons were burned to death in an Italian tenement house fire at 221 East Seventy-third street early today. The house was six floors high and the sleeping tenants on the five upper floors were made prisoners by the flames with the ground floor a raging furnace beneath them. Three of those who lost their lives were kneeling in prayer when the fire reached them. Within the first hour after the fire had been controlled, the bodies of three women and two men had been taken from the stairways between the second and third floors.

STARTED BY INCENDIARY. The police believe the fire was started by an incendiary. It began in a heap of rubbish at the bottom of an air shaft and spread through the interior of a

grocery store on the ground floor. A policeman was the first person to see the fire, just as it had begun to creep up the air shaft. He ran into the building, pounding on the hall doors all the way up to the sixth floor to awaken the tenants. The fire followed him so swiftly that when he reached the top floor he was obliged to send the tenants through the fire escapes to save them from suffocation. Within a few moments more on all the floors below, the fire escapes were packed with persons, whom the flames had cut off from escape by the interior stairways.

KNEELING IN PRAYER. When the fire department arrived with ladders nearly every one on the fire escapes were kneeling in prayer. Adding to the pathos of the scene was the action of the men who stood with their arms full of personal possessions while their wives fought unaided to protect the children from being trampled by the crowd or suffocated by the smoke.

On the third stairway the firemen found the bodies of two women and three men, who had evidently knelt together where they died.

WITTE'S APPEAL

Requests the Workingmen to Resume Their Labor.

ST. PETERSBURG, November 16.—Yesterday's meeting of the Ministers at Count Witte's residence in the annex of the winter palace was prolonged until 3 o'clock this morning. After it ended Count Witte decided to make a personal appeal to the workmen and drafted the following which was sent today to the factories, mills and others works and posted throughout the industrial section:

"Brother workmen—Get to your work. Cease making disturbances and have pity on your wives and children. Do not listen to bad advice. The Emperor has expected us to devote special attention to the labor question. For this purpose his Majesty has created a ministry of trade and commerce which must especially seek to establish just relations between workmen and employers. Have patience. All that is possible will be done for you. Listen to the advice of a man who sympathizes with you and wishes you well."

(Signed) WITTE.

When the above appeal was read to the workmen at the Westinghouse works the leaders replied:

"Witte promises us a soft bed, but in the meantime we must sleep on a hard one."

Like the workmen of other factories, the Westinghouse employees informed the manager that the strike would proceed until Saturday, when it would be decided whether to continue it or call it off.

PRES. ROOSEVELT SAID NAY

NEW YORK, Nov. 16.—Senator Dewey, on the witness stand at the insurance investigation today testified that he was asked by James Hazen Hyde to use his influence with President Roosevelt to secure Mr. Hyde the Ambassadorship to France; that he spoke to the President about it and that the President said it was utterly impossible.

SUIT INVOLVES MUCH PROPERTY

SAN DIEGO, Nov. 16.—Notice has been filed here of a suit begun in the Circuit Court involving a large amount of property in this county. It is to foreclose a vendor's lien for \$1,000,000 in deed of conveyance in which the Golden Cross Mining Company was the party of the first part and the Free Gold Mining Company was the party of the second part. The property on which it is proposed to have the lien enforced consists of thirty-one mines and mining claims at Hedges, on the desert.

PRISON CELL FOR BUNKERS

Appellate Court Holds That the Defendant is Guilty.

SACRAMENTO, November 16.—Harry Bunkers, the former San Francisco Senator, convicted last April by a jury in Judge E. C. Hart's department of the Superior Court for bribery and sentenced to five years imprisonment at San Quentin, must serve the sentence imposed, according to a decision handed down today by the Appellate Court denying the convicted ex-Legislator's appeal for a new trial. The decision affirming the judgment sending the former Senator to States prison was written by Associate Justice Charles E. McLaughlin and concurred in by Presiding Justice N. P. Chipman and Associate Justice A. J. Buckles.

The decision is lengthy, covering twenty pages of typewritten legal cap and goes very fully into an analysis of the case and the testimony adduced at the trial of Bunkers, together with the many points raised on appeal.

NOT A CONSPIRACY.

A notable feature of the decision is the exonerating of many witnesses in the case of Bunkers of the charge of conspiracy, notably Clarence Grange of the Phoenix Building and Loan Association; Gavin McNab, a director of the Continental Building and Loan Association; Moses Hines, Fremont Older, editor of the San Francisco Bulletin, and the witness Russell, for the Continental, and the detectives, George N. Tichenor and Henry Hartling. In exonerating these persons from the charge of conspiracy set up, the court says:

"It cannot be said that the conduct of said witnesses, or any of them, conclusively establishes a criminal intent. The avowed purpose, the employment of detectives, the general course pursued, and the voluntary exposure of the whole affair, combine to indicate the contrary."

HE IS GUILTY.

In the course of the decision, it is said that many facts and circumstances are found to connect the defendant with the crime of which he was charged and convicted, and then follows an elaborate review of the testimony bearing on the appellant's guilt.

The Appellate Court sustains Superior Judge Hart, before whom the case was tried, in his rulings in the admission of certain testimony.

CABINET MEETS WITH CZAR

ST. PETERSBURG, Nov. 16.—A special meeting of the Cabinet with Emperor Nicholas presiding is being held this afternoon at Tsarskoe Selo, to consider the situation. This is the first meeting of the Cabinet held under the direct presidency of His Majesty since the creation of a responsible ministry. The Emperor who arrived at the palace at Tsarskoe Selo last night from Peterhof, called today's meeting upon Count Witte's suggestion.

CARE FOR BOY WITH RUNAWAY MANIA

Master Willie Massie, the 11-year-old ward of John Massie, whose propensity for running away has caused his guardian to ask his commitment to some reformatory, was sent to the Salvation Army Home at Little Springs this morning by Judge Harris. The matter was delayed last Monday in order to give Probation Officer Ezra Decoto an opportunity to investigate the home and which he states is one of the best in the State.

ODELL TELLS ABOUT BIG DEALS

Denies That He Told Certain Stories to Harriman—Platt Collected Funds.

NEW YORK, Nov. 16.—Former Governor Odell went on the stand in the insurance investigation today. Mr. Odell denied he had ever directly or indirectly threatened to have the charter of the Mercantile Trust Company revoked. Mr. Odell, when asked if the Mercantile Trust charter was threatened, dramatically exclaimed:

"There is no truth in that, so help me God."

NEW YORK, Nov. 16.—B. B. Odell, former Governor of New York, and at present chairman of the State Republican Committee, was the first witness, before the Insurance Investigating Committee today. Before his testimony was begun, Samuel Untermyer, counsel for James H. Hyde, entered an objection protesting against the investigation of the affairs of the United States Shipbuilding Company by the committee.

ODELL TELLS FACTS.

Mr. Hughes, counsel for the committee, began by asking Mr. Odell to tell the facts pertaining to the Mercantile Trust Company charter, and the witness said he would prefer to tell of the whole transaction leading up to the settlement, if permitted. Mr. Untermyer protested that if the committee permitted this, it would take them far outside the legitimate line of inquiry. Senator Armstrong referred the protest to Mr. Hughes, who said he would call to Mr. Odell's attention "the fact that the matter which concerns the committee is simply the question whether there was any political influence or pressure brought to bear upon the Mercantile Trust Company, directly or indirectly, to induce a settlement."

"There was not," said Mr. Odell. "Will you state, Governor?" said Mr. Hughes, "whether you had any information with regard to the introduction of a bill in the Senate for the purpose of repealing the charter of the Mercantile Trust Company?"

"I knew of it at the time, yes."

"Who advised you of it?"

"I knew of it before its introduction."

"From whom did you get the information?"

"Oh, various people as to the propriety of the introduction of such a measure."

"Did you suggest its introduction?"

"No."

"Did you request its introduction?"

"I saw no objection to it."

Thousands of Women Have Kidney Trouble and Never Suspect It.

Almost every one, from personal experience, knows that the effects of any kind of severe physical strain are felt, first of all, in the small of the back—in other words, in those Vital Organs, the Kidneys. This is as true in the case of the very powerful as it is with one of less strength, and it is especially true whenever the kidneys are weak or out of order.

The Great Kidney Remedy Swamp-Root, strengthens the kidneys and through them helps all the other organs.

WOMEN suffer untold misery because the nature of their disease is not always correctly understood; in many cases when doctoring, they are led to believe that womb trouble or female weakness of some sort is responsible for their ills, when in fact disordered kidneys are the chief cause of their distressing troubles.

Didn't Know I Had Kidney Trouble
I had tried so many remedies without benefit that I was about discouraged, but

MRS. A. L. WALKER

In a few days after taking your wonderful Swamp-Root I began to feel better. I was out of health and run down generally; had no appetite, was dizzy and suffered with headache most of the time. I did not realize that my kidneys were the cause of my trouble, but somehow felt they might be, and I began taking Swamp-Root, as above stated. There is such a pleasant taste to Swamp-Root, and it goes right to the spot and drives disease out of the system. It has cured me, making me stronger and better in every way, and I cheerfully recommend it to all sufferers. Gratefully yours,

MRS. A. L. WALKER,
321 East Linden St., Atlanta, Ga.

Perhaps you suffer almost continually with pain in the back, bearing-down feelings, headache and utter exhaustion.

Your poor health makes you nervous, irritable and at times despondent. But thousands of just such suffering or broken-down women are being restored to health and strength every day by the use of that wonderful discovery, Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

Not only does Swamp-Root bring new life and activity to the kidneys, the cause of the trouble, but by strengthening the kidneys it acts as a general tonic and food for the entire constitution.

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince anyone—and you may have a sample bottle sent free by mail.

In taking Dr. Kilmer's Swamp-Root you afford natural help to nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has ever been discovered. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Swamp-Root a Blessing to Women

DEAR SIR:—I want to write and thank you for what your Swamp-Root

MRS. E. McCULLEY

has done for me. Four years ago I was taken with something like colic, and came on me once a month and often it seemed as if I would die with the pain. I went to the doctor and he said I had gall stones and treated me, but did me no good; I had the terrible pains very often. I saw in the paper where a woman was cured of gall stones by taking Swamp-Root and my children wanted me to take it, so I began taking it in all several 40-cent bottles, and am glad to say that I am entirely cured. I am certainly thankful for your medicine, and say to those who suffer as I did that Swamp-Root will cure them. Yours truly,

MRS. EMMA McCULLEY,
Oviedo, Fla.

BAY COLLISION IS AVERTED

CAPTAIN OF SAN FRANCISCO SAID TO HAVE IGNORED SIGNAL.

SAN FRANCISCO, November 16.—A narrow escape from collision between the ferryboats Berkeley and San Francisco occurred last evening on the bay just off Goat Island. That the two ferryboats

are not total wrecks is little short of a miracle.

The Berkeley pulled out of the Oakland pier at 8:55 p. m., for the run over to this side of the bay. The night was not clear, but it was easy to discern lights and signals. When nearing the light-house at Goat Island the ferryboat San Francisco loomed up. The San Francisco is one of the fleet of the Key Route, and her yellow color was discernable by those out on the deck of the Berkeley.

The passengers say that the captain of the Berkeley gave the customary signal of one blast of the whistle to notify the men in the pilot house of the San Francisco that he would pass on the port side. No signal in return was forthcoming from the men in the house of the Key Route boat, and the Berkeley again gave another blast. This was also unnoticed.

Then the San Francisco swung right across the path of the Berkeley. This was done when the two boats were not

more than fifty feet apart, and created a panic. It looked as if a collision between the two boats was inevitable, but the signal to go hard-astern was given on the Berkeley and the danger was averted.

Passengers on the Berkeley said after the panic was over that the boats came so close together that it would have been possible to step from the deck of one to the other. The water in the wake of the San Francisco wet the deck of the Berkeley.

At the time the collision was averted the foghorn on Goat Island was not blowing, but soon after it began to blow.

Captain Lewis of the San Francisco, when seen later, said that the boats were never closer than 300 feet, and that the passengers on the Berkeley must have been unduly excited, as there was no danger at any time. He thought the possibility of a collision was due to a mistake on the Berkeley in giving two whistles as a signal instead of one. He said he answered the two whistles and reversed his engine, which was all that he could do.

AGED COUPLE DIE TOGETHER

PLAN SUCCESSFUL METHOD OF ENDING THEIR LIVES.

SAN FRANCISCO, Nov. 15.—Chas. Vogel, an aged shoemaker and his wife planned a double attempt at suicide last night in their room at 681 Post street. The fumes of escaping gas attracted other roomers in the house to the scene and when the door of the apartment was broken in, the Vogels were found in a dying condition while his wife lay at his side cold in death.

That the couple had fully prepared for the end was shown by the condition of the room. Every hole was stopped to prevent the fluid from leaving the room. All the gas burners were turned on. They both retired and waited for the end.

N. Venevia and J. Cazadora, who room in the house, were aroused by the smell of gas about 10 o'clock in the evening. They made an investigation but could not locate where the odor was coming from. They retired and at 1 o'clock they were again attracted to the room. The door of the room was broken into and the couple were lying across the bed. Dr. Goodale treated Vogel at the Central Emergency Hospital but has no hope for his recovery.

PLAYS BOOKED FOR THE MACDONOUGH

Lottie Blair Parker, the dramatist, whose writings appeal more strongly to the American theater-goer than perhaps those of any other playwright, is an advocate of the theory that "what is worth doing at all, is worth doing well." She is anxious to see that every detail in her plays shall be given generous attention. No cheap management has ever been able to secure a play from her. If her manuscript contains a character with only a line to speak she will have that line to be cut or extended, but insists that an actor be employed for the smallest part. She insists that her plays have a complete scenic production and that everything necessary to be carried on the road in order that her play will be presented for its full value, no matter how inadequate the surroundings in a local theater may be. In matters of first productions her contracts stipulate that the models for the costumes and names for the cast, all be submitted to her. Unless this is done she will not consent to the production on this basis. Her plays have made more money against box office receipts than the writings of all other dramatists combined. Her two greatest successes, "Under Southern Skies" and "Way Down East," are due to the completeness of the productions as well as the merits of the plays that her plays have and money. To see the name of Lottie Blair Parker announced as the author, is to be assured of seeing a good production. "Under Southern Skies" will be produced at the Macdonough two nights and on Tuesday and Wednesday next, November 15th. Seats now on sale.

"PRINCE OF PILSEN." Claude Clarke, an Oakland girl is a member of the Henry Savage Prince of Pilsen Company which comes to the Macdonough Theater next Monday and Tuesday. The company is composed of seven actors and actresses. Clarke, who on the stage only two years and in the time has played only with the Savage Company, is the star of the company. She transferred her to the "Prince of Pilsen" company, and was re-engaged by them for this season. The company, a number of theater parties are being arranged by her friends in compliment to her.

GRAMMAR SCHOOL EXAMINATIONS

On Dec. 14 and 15, pupils in Alameda county schools outside of the three cities will be examined for graduation in the studies of physiology and word analysis.

There are six examination districts, a member of the board of examiners of the county conducting the examination personally in each district. The county board is composed of County Superintendent Crawford, Principal Gamble of the Hayward Union High School, Wm. McDonald of Livermore, Principal C. L. Biedebach of the McKinley Grammar School in Berkeley, and Principal P. M. Fisher of the Polytechnic High School, with one of Superintendent Crawford's deputies, for the extra district.

AGED MAN IS STRUCK BY LOCAL TRAIN

By Perkins an aged knife sharpener, well known south of Seventh street, was struck by the Seventh street local at 6 o'clock last night and escaped death only because the train was almost at a standstill at the Broadway station. He was walking down the track and did not see nor hear the train as it pulled into the station on the trip to the mole.

The locomotive generally comes to a stop at Seventh and Washington streets and it was near there where Perkins was struck by the train. The locomotive struck him, throwing him from the track and when he was taken to the Receiving Hospital it was found that two to his ribs were broken.

Dr. Reule covered the fracture and Perkins was sent to the County Infirmary.

WOMEN IN GOLF TOURNEY

MRS. W. S. MARTIN IS WINNER; OAKLAND EXPERTS IN THE PLAY.

SAN FRANCISCO, Nov. 15.—Mrs. W. S. Martin of the Burlingame Country Club won the sixth tournament of the California Women Golfers' Association yesterday on the links of the Burlingame Country Club. The competition was an eighteen-hole handicap against bogey and bogey had all the best of it. Mrs. Martin, being four down for the eighteen holes. Thirty-three players had entered the tournament, but only twenty-two of these put in an appearance, and four failed to make returns.

A number of Oakland golf experts were present. The day was ideal for golf playing, but the forty-four bogey proved too stiff for the competitors. The handicapping, as a rule, was well done, though it proved none too generous.

Mrs. Martin, the winner, played splendid golf during the day. She received a handicap of four, and was two holes ahead of Miss Hager of the San Francisco golf and Country Club, who received the second prize. Miss Hager played from scratch and was six down. Despite the fact that many of the players received as high as eighteen handicaps, they were all badly beaten. The players with the smaller handicaps made much the better showing as a rule. Miss Whittell of the Burlingame Club played good golf and was beaten only seven holes from the scratch mark. Mrs. Sherwood of the Claremont Club, the only other scratch player, was ten down.

The tournament was the last before the championship match, which takes place in January. When the crack players of the northern and southern groups meet on Northern California links, yet to be named.

BLAKER FOUND GUILTY

Jury Declares That He Must Be Punished for Murder in the Second Degree.

The jury in the case of George Blaker, aged 16 years, accused of the murder of Thomas Cook at Fruitvale, found the defendant guilty of murder in the second degree this afternoon.

The penalty under this verdict is punishment up to life imprisonment, the matter being left to the discretion of the court. Blaker was a member of the Jim Crowe gang of Fruitvale. He, in connection with two other boys, killed Cook as he was returning from his store, while in the act of robbing him.

Attorney Frick, who made the plea for the defendant, declared that the boy had lacked the influence of a mother's care and made a strong plea on his behalf. When the jury retired to the jury room at 12 o'clock the first ballot stood eight for murder in the first degree, four for murder in the second degree. At 2 o'clock this afternoon the jury agreed on the verdict as given above.

Blaker remarked: "Wey, my neck is saved anyway."

The two sisters of Blaker burst into tears at the announcement of the verdict and Captain Blaker, the boy's father, was deeply moved. Blaker himself showed little emotion and evidently was well pleased to think that the verdict was not murder in the first degree.

Attorney A. L. Frick is being congratulated this afternoon for saving the boy's neck. It was a hard case to defend, at best.

OF INTEREST TO UNION MEN

DOINGS IN THIS AND OTHER CITIES—MEETINGS ARE HELD.

The ice and mineral water wagon drivers had a largely attended meeting Wednesday evening, at which it was decided to take aggressive action to more completely and satisfactorily unionize their line of work.

The union of street car men also had a largely attended and enthusiastic meeting, at which a delegation from the Laundry Workers' union was received.

BENEFICIARY INSURANCE.

A great deal of interest is also being taken in beneficiary insurance in unions, and if the lead of the executive committee of the Central Labor Council, which has already obtained the endorsement of the Federation of Labor Council and subordinate unions, will soon take up seriously the work of further extending that feature of unionism, which has already obtained.

There is no good reason why our unions should not, apart from their protective trade and labor features, become the guarantors to members of the payment of benefits by reason of illness, unemployment, loss of tools, superannuation, traveling, death, etc.

The experience of unions which have already established these features manifestly disproves the notion that the accumulation of large funds for the payment of benefits, as well as for the protective features, would prove temptations to dishonesty. There has been less dishonesty in any unions that have accumulated large funds than among those in which large funds have been conspicuous by their absence.

It would also recommend that our central labor bodies establish in their respective localities trade union schools, where at least the elementary principles of the trade union movement may be taught.

IN CALIFORNIA.

The last report of the California State Labor Commission gives some idea of this feature in California. The Commission says: "A very incomplete registration of unions shows at least 84,458 members of unions in California. Of these unions containing 36,538 members have provided against sickness and accident by specific amounts ranging from \$3 to \$7 per week and averaging \$5. Besides these 6,408 have pledged themselves to take care of the sick by no specific amount, but in keeping with their needs; and 3,128 have voluntarily provided hospital accommodations for sick and injured members, making a total of 46 unions which have provided for their members in some way or other, which undertake to take care of their sick and injured members.

Unions having a total membership of 12,708 provide insurance in case of death of members. Many organizations provide the same protection in case of total disability as of death and organizations having 12,208 members provide total disability benefits in excess of the death benefits. Over 4,465 members have a superannuation benefit; 2,111 have a home or aged and infirm members; and 1,041 have a similar home or aged and infirm members.

Of the 84,458 unionists accounted for, 63,132, or over 80 per cent, have made provision for death benefits ranging from \$1,000 to \$10,000. Showing that insurance policies issued by labor unions in California of over \$11,000,000.

In this connection it may be said that the Los Angeles Central Labor Council, by unanimous vote has endorsed the emergency and general hospital under the direction of Dr. Henry S. Keyes. Arrangements have been made to give medical attention to all wage-earners at a cost of \$2 a year.

DOROTHY OLSEN DECLARES M'NULTY IS INNOCENT

Berkeley Girl Asserts He is Not the Man Who Assaulted Her.

BERKELEY, NOV. 14, 1905.
TO WHOM IT MAY CONCERN:
THIS IS TO CERTIFY THAT I, DOROTHY OLSEN, DO SOLEMNLY SWEAR AND VOW THAT LESTER M'NULTY WAS POSITIVELY NOT THE PERSON WHO ASSAULTED ME ON SUNDAY EVENING, NOVEMBER 5, 1905.
(SIGNED) DOROTHY OLSEN.

The name of Lester J. McNulty, man who assaulted the girl wore a prominent Mason and Elk, and Deputy Sheriff's badge. Mr. McNulty is a Deputy Sheriff.

In justice to the young man, however, it may be said that he absolutely denies the charge. He admits, however, that the overcoat held by the girl is his overcoat. In explanation of this incident he declares that he took dinner at Barnum's restaurant, after which he visited the Elks' Club on Fourteenth street.

LOST HIS OVERCOAT.

Then he took the car and went directly home. He says that in some manner he lost his overcoat, either on the car or on the street. In addition to this Miss Dorothy Olsen states positively that she cannot identify Mr. McNulty as the man who assaulted her.

HE WAS HOME.

Mrs. McNulty's father declares that his son was at his home long before the hour of assault. Young McNulty, who, by the way, is 27 years of age, has been very frank in his statements. He has visited the Marshal's office in Berkeley; he has identified his overcoat; he has gone with the officers to the girl's home for the purpose of identification, but she has failed to identify him.

VICTIM OF CIRCUMSTANCES.

He has done everything in his power to clear up the mystery, and his friends now feel that there is nothing left for him to do. The officers, however, feel certain that he is a victim of circumstances, and they are of the opinion that a prosecution would be useless, and would only result in his immediate acquittal by a jury of his peers.

PACIFIC LODGE A. O. U. W.

Pacific Lodge No. 7 meets this evening in Fraternal Hall at 8 o'clock at 1156 Washington street, when the two degrees will be conferred. At the last meeting Grand Officer Spencer and Grand Treasurer Peterson explained the proposed bond issue to provide funds to pay off the old debt claims which will eventually be paid by the Supreme Lodge but which on account of delays in collecting from the several jurisdictions are not paid so promptly as the Grand Lodge of California wishes them to be. These funds are in the nature of a loan, mature in five years and bear four per cent interest and are issued only to members of the order and lodges. This matter was brought before Oak Leaf Lodge on Monday night, and Pacific Lodge on Thursday night of last week when over \$2,000 worth of bonds and about 150 members in California it looks as though they will all be subscribed for in a very short time.

DANDRUFF DON'T WASH OUT.

The Germ That Causes It Has To Be Destroyed, to Cure Dandruff.

Many a woman spends an hour twice a week scouring her scalp, thinking that by scrubbing off the scurf she will cure the dandruff. Two hours a week, at the age of 40 years, she has spent 200 days of 12 hours, or two-thirds of a year of her life, in that vain hope, vain because you can't cure dandruff without killing the dandruff germ and the only hair preparation on earth that will do that is Newb's Herpicide—also a delightful hair dressing, and thorough antiseptic against all contagion from use of others hair brushes. Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Michigan.

QUEER INCIDENT.
AT YE LIBERTY

"Captain Swift" was the inspiration for a strange happening the other day at Ye Liberty. A box was brought to the stage door and delivered with

a letter for Mr. Neill. The one who delivered it seemed in a hurry to get away and avoided answering any questions. The stage door keeper turned the package over to Mr. Neill's valet who carried it to the actor's dressing room. Flowers and other gifts for the actors are left every day at the stage door. This affair smacked of mystery somehow. It was done in an unusual way. Mr. Neill laughingly remarked when his valet delivered the package that someone must have sent him a dynamite bomb. The letter was addressed "for the star" and on a plain white envelope.

Mr. Neill opened the letter first and was surprised to read "From one poor devil to another."

It doesn't begin very complimentary, the actor laughed. But his face sobered as he continued to read.

I am sending Captain Swift this little gift, the letter ran. Because I have been in his same fix. I too was a bushyhaired Australian. But I was forced into that life. I have turned over a new leaf now and am trying to atone for my past. Last night I saw the show, and nobody could understand the truth of it better than I do. I don't belong here. But I want you to know how much I sympathize with Swift."

Mr. Neill then opened his package, and found a small dagger with a beautiful handle carved around it was a paper on which was written, "This was carved by a convict."

Mr. Neill is wondering whether the letter and gift are a joke or if they have really come from a Captain Swift in actual life. In the meantime he has the dagger and values it highly.

I have had similar experiences," Mr. Neill said. "When some person has been affected by something in a play which he has experienced in his own life and has been impelled to write to me. The human heart is always craving sympathy."

There has been such a demand for the rate of "The Light Eternal" at Oakland that it will in all probability be brought back to Ye Liberty after its run in San Francisco.

Smoot Quarrels With Mormon Apostles

A Salt Lake special dispatch to the Chicago Tribune states that the apostles of the Mormon church took Senator Reed Smoot bitterly to task for the part he played in the recent election, which resulted in turning Salt Lake City over to an anti-Mormon administration. According to the dispatch, Smoot has virtually been boycotted by the church leaders and the Gentile Republicans. Smoot's candidate for Mayor at the city election was a Gentile of the stripe denominated in Utah as a "Jack" Mormon named Lynch, while the Democratic nominee was an orthodox Mormon. Republicans dissatisfied with Lynch's subservience to Smoot and Democrats opposed to Mormon leadership united in putting up an "American" ticket, which swept the field. During the campaign Smoot's activity in behalf of Lynch deeply incensed the Mormon followers of the Democratic candidate, and the dispute waxed so warm that the church organ printed a statement on the eve of election to the effect that the church was taking no part in the contest. This satisfied neither side, and as result many independent Mormons voted the American ticket as a rebuke to church interference in politics. Smoot's candidate was last in the race. The American party leaders are now planning to give the hierarchy battle at the next election for the control of the State. The scheme is a promising one if the Gentile vote will only hold together, for the Mormon prelates have heretofore found it easy to carry their points because of the party differences existing among the Gentiles. Now they are furious at Smoot because his machinations have had the effect of solidifying and uniting the Gentile vote against the church.

Revival of a Great Canal Scheme

An energetic attempt will be made at the coming session of Congress to have an act passed authorizing the construction of a deep water navigable canal from the Great Lakes to the Mississippi river, utilizing the Chicago drainage canal and the Des Plaines and Illinois rivers. It is estimated that a waterway that will permit the passage of boats drawing 14 feet of water and having a cargo capacity of 4,000 tons can be constructed at moderate cost. Such a canal would remain open the greater part of the year and would afford cheap carriage from lake ports to the seaboard, without breaking bulk. The physical obstacles are not great, and the expense of maintaining the canal after it is built would be comparatively small.

The entire Northwest is interested in the construction of the proposed waterway, which would give the lakes an alternate cheap water route to the sea. The State of New York is preparing to enlarge the Erie canal, at a cost of over \$100,000,000, so as to permit the passage of 14 foot boats propelled by their own steam, but this route is longer for vessels from the upper lake ports than the proposed one via the Chicago drainage canal and the Mississippi river. It will cost more than three times as much, be more expensive to maintain and more costly for boat owners. There is this difference, however, that the enlargement of the Erie canal will be at the expense entirely of the State of New York, while the Mississippi canal will have to be constructed at Government expense.

But the early and certain completion of the Panama canal is attracting popular attention to the vast importance of the Mississippi canal as a trade artery. So far as the Pacific Coast is concerned, the proposed waterway will place Chicago nearly on an equality with New York. At present heavy freights are carried by water or rail to New York City, where bulk is broken and transshipment made in ocean-going vessels. New Orleans is nearer Panama than New York by several hundred miles, and the port charges there are much higher. Therefore the proposed canal would give Chicago a shorter and cheaper all-water route to the Pacific Coast, South America and the West Indies. It would also be a competitive route for all seaboard shipments, that would strengthen Chicago's position as the great interior metropolis of the country, and enormously add to the importance of New Orleans as a point of export. In addition, it would forever free Chicago and the West from the fear of railway combinations to control freights and discriminate for or against particular seaports.

Wearing Stolen Honors

The San Francisco Chronicle professes not to be able to understand how George B. McClellan can reconcile holding an office to which he was not fairly elected with his claim to being an honest man. The Chronicle forgets that a great many men who are honest and conscientious in the ordinary sense of the word have a different code for politics. They regard politics as a game which is to be won fairly or unfairly. Our history has thus far failed to show us a man who voluntarily gave up a great office because his title to it was tainted by fraud. The present Governor of Colorado is in the placid enjoyment of stolen goods. The majority of Americans have never been convinced that Rutherford B. Hayes was entitled to the Presidency, yet Hayes was a devout member of the church and a great stickler for moral observances. He made a fairly good President, but his countrymen have never got over regarding him with contempt. In numerous cases the will of the people has been defeated by trickery, and fraud, but the fraudulently elected have usually worn their stolen honors as proudly as if they had won them fairly. Many times has a partisan majority in Congress unseated members fairly elected to seat men the voters had rejected at the polls. Legislatures and seats in the United States Senate have been stolen in the same way. Even the ablest and purest of our statesmen have at times connived at these practices. Happily the theft of public office is becoming rarer, but it is still too common to be regarded as novel or unprecedented. David B. Hill was not ashamed to wear a Senatorial toga that was presented to him by a stolen Legislature, and there are those sitting in the Senate today who owe their election not only to fraud and corruption, but to downright bribery—the bold, criminal purchase of votes. But such are not ashamed of themselves and their colleagues are apparently not ashamed of their company.

The result in San Francisco cannot be ascribed to the absence of Congressman Kahn during the campaign; for Ohio, where he went to stump for the Republican ticket, went h-l bent, as Maine did for Governor Kent, Democratic. Therefore, Mr. Kahn must be acquitted on the face of the returns.

Here in the United States we have become so accustomed to the idea that the natives of Hawaii are fast dying out that the returns of the recent registration in the islands, showing an increase in the natives, are received with an amazement akin to incredulity. It appears that the Hawaiians of native stock are strong enough to control the elections—if they hold together. Not only have they increased in voting strength, but all the white elements have decreased save the Portuguese. The Chinese and Japanese have also decreased. This counts for something, as all Chinese and Japanese born in the islands are vested with the full rights of citizenship.

With the dark skinned races increasing and the whites declining in number, the political future of Hawaii does not appear particularly bright.

Jerome and Other Independent Runners

The newspapers are talking about Jerome's "amazing run" in New York as if it were unprecedented in our political annals. They are indulging in a lot of humbug in this instance, because it gives them an opportunity to moralize and declaim against the alleged wickedness of political machines.

On the same day that Jerome was elected Boston gave an example of independent voting that makes Jerome's victory look small by comparison. John B. Moran ran as independent candidate for District Attorney against Michael J. Shugrue, who is admittedly an able lawyer of high character, who had made an excellent record in office. Shugrue was the nominee of both the Democratic and Republican parties and was warmly supported by every newspaper of consequence in the city. Yet Moran beat him nearly 5,000 votes in a poll less than one-third as large as that of Manhattan Borough.

Jerome was on the ticket as an independent candidate it is true, but he was endorsed by the Republican Municipal Convention and the Citizens' Union, and had the support of nearly all the papers, daily and weekly. His plurality was less than 12,000, relatively much smaller than Moran's, who beat a better man and an able lawyer than himself. Jerome was elected because of Tammany's evil reputation, while Moran in Boston had no such handle of attack on his adversary.

It is stated that the newspapers elected Jerome. Why didn't the newspapers elect Shugrue in Boston and Partridge in San Francisco? Why could they not defeat Dr. O'Donnell for Coroner of San Francisco or Adolph Sutro for Mayor, both of whom made independent runs that lays Jerome's performance in the shade?

It Quiets the Cough
This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the wear and tear of useless coughing. But it does more—it controls the inflammation, quiets the fever, soothes the throat, and asks your doctor about it. We have a sample bottle of Ayer's Cherry Pectoral for sale at the Tribune office.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—An Oakland Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Oakland people testify to permanent cures.

C. T. Warren, house painter and painter hanger, of 2008 Eighth street, Berkeley, Cal., says: "I felt the good effects of Doan's Kidney Pills after I had taken a few doses. I used them for kidney complaint which troubled me for a good many years, causing pain in the small of my back, and though I used several kidney medicines none did me the good that Doan's Kidney Pills did. When the pain first attacked me I did not know it was from my kidneys. I would recommend Doan's Kidney Pills to any one."

For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, N. York, sole agents for the United States. Remember the name Doan's and take no other.

ANY BARD TO ANY TYPIST.

So vile the script that once I scrawled,
So blotched and so blurred,
Some centipede might well have
Crawled,
Ink-footed o'er each word.

In fact, my "flat" was such it turned
Each correspondent sick;
Some swore 'twas Greek, but some dis-
cerned
Traces of Arabic.

And though my thought was bold and
clear,
Melodious my songs,
No editor would lend his ear
Until you came along.

'Twas you who wrought, ingenious
maid,
The miracle I sing
My work, thanks to your kindly aid,
Now sells like anything!

You disentangle words that seem
A mass of awful knots;
You cross my "ts" with skill supreme,
You give my "fs" their dots.

Thanks to those swift and cunning
types,
By your fair hands caressed,
This singer simply sits and pipes,
And you do all the rest!

Now all my crooked lines are straight,
And you with wondrous ease
Unlock the editorial gate
With deftly fingered keys!

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Company, Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

POND'S EXTRACT
of
Hamamelis Virginica

has for sixty years been the standard extract of witch hazel and to-day is more popular than ever both with the public and the Medical profession. This has entailed upon POND'S EXTRACT the inevitable penalty of fame:—

Imitation and Substitution

Neither of these however, would be perilous to public health if unscrupulous manufacturers—swayed more by Profit than Principle—did not jeopardize the health and lives of the people by adulterating their common and unidentified witch hazels and offering them through wholesale and retail druggists and department stores as "the same thing" and "just as good" as POND'S EXTRACT.

Not content with marketing an inferior article these manufacturers reached the point at last—in their Greed of Gain—of offering witch hazel fortified with Wood Alcohol (poison) or Formaldehyde (poison) or both, to the imminent peril of all who were deceived into buying and using it.

So rife have these pernicious conditions become that the State Legislatures of New York and Illinois have enacted laws which make it an offence punishable by heavy fine, or imprisonment, or both, to sell any medicinal extract containing Wood Alcohol (poison) or Formaldehyde (poison) unless the bottle containing same be labeled POISON; and other States throughout the Union are taking steps one after another, to the same protective end.

In order, therefore, that the public may be secured against the danger of poisoning by the use of such witch hazels, we are impelled to publish the following

Caution
Witch Hazel is not "the same thing" as POND'S EXTRACT. On analysis of 70 samples of witch hazel, bought of leading wholesale and retail druggists and department stores, 52 contained Wood Alcohol (poison) or Formaldehyde (poison), or both, and not one of the other 18 was up to the required standard of strength. The peril of these poisons may be avoided by the exclusive use of

Sunday School Teacher Makes a Business of Matrimony

Married Women War For Their Rights as School Teachers

WOMAN'S VIEWS ON PEOPLE WHO ARE ALWAYS HURRYING

BY GERTRUDE ANDREWS, OF OAKLAND.

Hurry! That is a word which belongs to America. It is our country's own. We have branded it with our national spirit. It is the suspender of our American life. It holds up our national possibilities to our national successes.

But, alas! Some times it holds them too tight. Then buttons are apt to give way and—well, what I mean to say is that there is danger from over-hurrying. One may go to an insane asylum, or to jail, or to heaven, from over-hurrying. In fact, this result is seen every day. Every good has its abuse. And while we find in this word our national greatness, we also find in it our national disease. Some Munyon of the future will be advertising anti-hurrying remedies. One thing sure, however, we Americans will make good angels, for they don't sit down—they just hover.

These thoughts were suggested to me the other night when I was trying to enjoy the last scene of "Captain Swift" at the Liberty. Just as things had gotten to the most interesting climax several women in front of me began to put on their hats, and two or three men rose in their seats preparatory for a bolt when the curtain should fall. This habit is one symptom of the disease, over-hurrying. It is a most irritating symptom to other people. It prompts swear words. It always makes me think of Bill Nye's experience with the Canada Southern Railroad. This road has always advertised a beautiful view of Niagara Falls from their trains. Bill tried to catch that view through intervening freight cars and succeeded in only getting little tantalizing hunks of view that were like a child's picture puzzle with most of the parts lost.

Just as soon as the hero and heroine of the drama show the slightest evidence of coming to an understanding in the last act of a play, there are a lot of folks who make freight trains of themselves. They grab their hats jab in their pins, and either start wild-eyed for the aisles or hover above their seats in a hurried, anxious way that obstructs the view of every one behind them. This kind of over-hurrying shows selfishness—coarse, uncouth selfishness. And it is just as true of the man or woman living on Jackson street as it is of the one living away over in East Oakland.

The man who will sit quietly in his seat and enjoy seeing the hero hug his girl as the last curtain goes down, is the man who is thoughtful for the rights of other people. He is the kind of man who will find time to hug his wife and play with his children. But the man who makes a bolt for the door before the curtain is down is the one who thinks more of his stomach than he does of anything else on earth or in heaven. He wants a drink or a Welsh rarebit. He is the kind of man who thinks when he has paid a preacher ten dollars for a marriage certificate that he has bought a woman body and soul, to treat as he pleases.

And the woman who will put on her hat before the last curtain falls is one who lacks imagination. She lacks sensibility as well as courtesy. She lacks humor. She is one of the over-hurrying type of women who will sputter and scold and whip her children just to vent her own ill nature. Her home will always be stirred up. She will demand everything of her husband and give as little as possible in return. She will be jealous of even a coat advertisement. Because these people are bound on the north by I on the south by Me, on the east by My, and on the west by Self. They are all Atlases carrying the world, which, unlike the bicycle, was not built for two.

HERE IS A PRETTY WHITE GIRL WHO ELOPES WITH A NEGRO!

BALTIMORE, Md., November 16—Katie Obinger, an attractive 19-year-old white girl, and James Z. Jefferson, a negro medical student, eloped to Washington today and were married. They are now in Philadelphia on their honeymoon.

The girl is possessed of an excellent figure, is decidedly pretty, has regular features, and is pleasant and intelligent.

Her home, on Stockton street, is nicely furnished, and her parents say they have used all the influence in their power to distract her attention from the negro.

The father of the girl is greatly enraged.

"Whether it be a day, a month, a year, or ten years, I will kill them both the moment I lay my eyes upon them," is his declaration.

All her ten brothers and sisters have declared their intentions of leaving their home if the sister ever returns to it.

MARRIED SCHOOL TEACHERS ARE HIGHLY INDIGNANT

NEW YORK, Nov. 16—"Husband vs. the Board of Education" might well have been the title of a debate engaged in by married teachers who unlocked yesterday to the home of Mrs. Alice Connell, one of the thirty-three married teachers in Brooklyn at No. 395 Pacific street. Mrs. Connell is the daughter of Detective Sergeant Roach, and her husband is also on the police force.

It ended in a decision to employ counsel and fight the constitutionality of the by-laws of the Board of Education, which make it impossible for a married woman to be employed as a regular teacher in Greater New York.

The married teachers are particularly indignant at Chairman Davis, of the By-Laws Committee of the Board, who say, is responsible for the obnoxious rules.

The married teachers are compelled to act in a substitute capacity, and receive from one-third to one-half as much as the regular instructors. They receive \$2.50 a day for actual work, and do not receive any pay for vacations or when sick. Regular teachers get from \$3,000 to \$2,000 a year, and are paid during vacations and illness.

Since the decision of the Appellate Division of the Supreme Court relating Mrs. Vandewater, of Long Island City, as a regular teacher, the married teachers declare the Board of Education has been persistently evading the law.

At the home of Mrs. Connell the subterfuges to which some of the married teachers had resorted were discussed at length. Some of these instructors, it was reported, had obtained affidavits from physicians that they suffered from physical or mental disabilities. Mrs. Connell has employed Ira L. Bamberger, of No. 309 Broadway, Manhattan, to bring suit in her own behalf for reinstatement in the ranks of the regular teachers.

guest of her sister, has returned to her home in Oakland.

J. H. Potter is visiting friends in Chicago.

The lecturer in domestic science on the University of California extension staff in agriculture is Miss Metta Edna Woodworth, whose home is in Burlington, Iowa. Miss Woodworth is said to be the first woman to hold such a position in university extension work and her lectures were well received by appreciative audiences. She has devoted herself to sanitation of farmhouses, house building, the preservation of foods and cooking. Miss Woodworth's territory was chiefly the northern and central parts of the State, and the ranchers, a well-educated class of people, showed considerable interest in the movement.

GIRL HEIRESS TO MILLIONS HAS DESERTED HER HOME

CHICAGO, Nov. 16.—The Chronicle today says. Although heiress to an estate valued at \$5,000,000, provided with every luxury and furnished with an ample income, Dorothy Carter, the sixteen-year-old daughter of M. F. Carter, president of the Second National Bank of Colorado, Springs, Colo., has deserted her own volition, her temporary home at 1716 Michigan Avenue, Chicago. Police of the city and her sister, Miss Mabel Carter, a graduate of a Chicago law school, are searching for her. The disappearance dates from November 1, when Miss Carter left her Michigan Avenue home ostensibly to visit a neighboring drug store to procure stamps for a letter to her father.

Since that time but one clew has been found by the police to the missing girl. On November 1st she visited a pawn shop and sold a diamond brooch valued at \$150 for \$15. Fifteen minutes later she gave some money to two children who peered through the windows of the pawn shop. She seemed to be much excited and bore evidences of some mental and physical suffering. The neat tailored blue suit she wore when she left home was besmudged with mud, and the picture hat of blue velvet trimmed with a white feather and other adornments had been replaced by a common black fascinator of the cheapest pattern, folded around her head.

John Ducas, a bartender, saw the woman run down the street after the two children, and says a man met her at the next corner east and with her turned south in a cross street. This man is being sought by the police.

Miss Mabel Carter is inclined to attribute her sister's disappearance to the results of an attack of typhoid fever more than three years ago, when the girl suffered some mental disturbance. This is her second disappearance within five weeks. She voluntarily returned the first time after twenty-four hours' absence.

GIRL OUTWITS RICH PAPA BY HER MARRIAGE TO CLERK

HARTFORD, Conn., Nov. 16.—Jennie Lucille Smith, daughter of the president of the Smith Paper Company of Leo, Mass., came here today and married Walter Scott Dickie, a clerk in the office of the local trolley company. The bride's father owns several paper mills in Massachusetts and is wealthy.

Dickie formerly lived in Dalton, Mass., where he was employed by the Berkshire Railroad Company. He has been here one month. While he lived in the Berkshires he became acquainted with Miss Smith. Mr. Smith proposed the marriage because he didn't want his daughter to marry a poor man. Miss Smith did not favor the marriage but she was willing to allow her daughter to have her own way.

Miss Smith arrived on the noon train and went to Dickie's boarding house, where a lunch was prepared for the young couple. Then they went to Trinity Church and were married by the Rev. Ernest De Miel. The maid of honor was Miss Charlotte Wile, daughter of Dickie's landlady. After the ceremony Miss Smith sent a telegram home announcing the wedding. The couple went to the Allyn House. They will go away for a few days and then board temporarily. The bride has traveled extensively in Europe and this country, and has lived in California.

YOUNGEST TWIRLER EVER TAKEN INTO COAST LEAGUE COMPANY

JOHNNY HOPKINS IS HIS NAME

Johnny Hopkins, who has been signed to pitch for the Oakland Pacific Coast League team for the remainder of this season and the season of 1906, is the youngest twirler ever signed by a coast league team, he having been born on May 22, 1886.

Although he has been playing with various sand lot teams for the last eight years, he has only been pitching for the past three years.

He started his career as a twirler when the OAKLAND TRIBUNE team was organized. He twirled in twenty-two games, in all of which he came out victorious.

He then twirled for the Oakland High School, where he made an enviable record.

Since then he has pitched for the Pierce Hardware, San Leandro and the Vogue teams, and he won over eighty per cent of his games by his own clever twirling.

FRANKIE NEIL A WINNER IN SHORT STREET FIGHT

Charles D. Connolly, a visiting theatrical man, and Frankie Neil, the feather-weight fighter, were the principals in a brief encounter last Thursday night in front of the Hotel Randolph, in San Francisco. Neil came out victor in one round.

Connolly had been a guest at a birthday dinner given by Jesse Dandy, leading man of the "Prince of Pilsen" company, and was leaving the hotel with two fair members of the troupe. At the entrance a man attempted to join him, and Connolly grew pugnacious.

His statements as to his prowess grew so sweeping as to arouse the curiosity of Frankie Neil, who made an inquiry which resulted in Connolly's challenging him to combat.

The ensuing minute was so lively that the ladies screamed and fainted. The fighters were separated by Stage Manager Nate Jackson of the Columbia Theater, and later Neil and Connolly were formally introduced and buried the hatchet.

Fisher's homeless ones again trounced the Oaks yesterday, shutting the local men out to the tune of 6 to 0. Smith, who has pitched a great article of ball on the only two opportunities he has been given prior to yesterday afternoon, was found for the Wanderers for eleven safeties, but stronger support would have made a big difference in the score, and the fault was not all Smith's by a wide margin.

Brown was in the box for the Bengals and he allowed but three lonely hits, scattered through the nine innings. As they were all singles, the locals never had a chance.

It was announced yesterday that the last series of the season scheduled for Oakland, that of the week beginning November 28, will be played at Bakersfield, the Oaks and the Portlands being the competitors.

Another announcement made was to the effect that Jimmie Byrnes has been drafted by the Philadelphia Americans.

ASSOCIATION FOOTBALL GAME PROVING POPULAR SPORT

Captain Petrie is Most Clever Player.

All of the large papers of the country are daily devoting much editorial space to discussing intercollegiate football as it is played today. The feeling is that the game should be either stopped or new rules formulated to emulate all traces of roughness and brutality.

There is no question that association football is gradually taking a foothold all over the country, as all the large universities have association teams, and the coming year will witness intercollegiate games in the East.

President Wheeler of the State University is an admirer of the association game, and on different occasions has spoken strongly in favor of introducing the game at Berkeley.

The game is now being played at the university, where a large number of the students may be seen enjoying the game on the old football field.

The association game is, to many, the most preferable of the two from many standpoints. It is a more gentlemanly game; it develops the body better; there is no roughness and the game can be witnessed by all sects, irrespective of feelings.

A CRACK PLAYER.

The best association football forward on the coast is without doubt George Petrie, captain of the Albion Rovers. He is a strong and tricky player, and a first-class shot.

The San Francisco Call of Nov. 12 says:

"Perhaps never since the days of the illustrious Duffy has a finer exhibition of 'dribbling the ball' been given than that of Captain Petrie of the Albion Rovers this afternoon at Freeman's Park. Had Petrie been

MIKE "TWIN" SULLIVAN DEVELOPING HIS PUNCH

Mike (Twin) Sullivan is developing his punch. The twin has been doing this stunt the past several months and he finds that his wallop has improved almost fifty per cent. Each afternoon Mike swings a heavy inflated bag in his gymnasium and for ten solid minutes he will stand off and bang away at the ball with all his might. The fancy work is eliminated altogether and Sullivan only tries to hit the bag as hard as he possibly can.

This constant training of the punching muscles for many months has devel-

playing billiards they would have said he was nursing the ball. He played with his foot with as much skill as the average billiard player does with his cue. It was due to Petrie's remarkable skill that the Albion Rovers beat the Sacramento team at association football by a score of 4 to 1."

The Examiner of the 15th says: "The second half was for the most part a one-man show, and that man was Petrie, the Albion captain. Seldom, if ever, has such a display of clever foot-work been seen on a local football ground and the way he toyed with the opposing defense must have been tantalizing to the loyal followers of the Sacramentos, who were present in large numbers."

GAMES FOR SUNDAY.

The games for Sunday are:

Vampires vs. Albion Rovers, Alameda; Independents vs. Eagles, Freeman's Park, and Santa Cruz vs. Hornets at Santa Cruz.

STANDING OF THE CLUBS.

Name of Clubs	W.	L.	Pts
Albion Rovers	2	0	4
Independents	2	0	4
Hornets	1	0	2
Vampires	1	1	2
Eagles	1	1	2
Santa Cruz	0	2	0
San Francisco	0	1	0
Sacramento	0	2	0

oped great hitting powers and it is said the twin can hit from any distance or angle with sufficient force to knock a man out with one blow.

Sullivan says he never felt better in his life and if he is fortunate enough to avoid any accidents between now and the 24th inst. when he faces Jimmy Gardner in the ring, he will be at his best and he does not see how he can lose the contest.

Gardner is training carefully at Alameda and never looked in better shape than he does at present. His contest with Sullivan should be one of the best fights ever seen in a local ring.

FITZSIMMONS AND O'BRIEN PUT NAMES TO ARTICLES

Articles of agreement for the Fitzsimmons-O'Brien fight were drawn up and signed yesterday afternoon by the three parties to the contract. Eddie Granev acting for Promoter Coffroth, who is still in the East looking after his moving picture business, was not present. The set of articles signed yesterday is not the same set to which Fitz attached his signature in New York. There were several things in that set to which O'Brien made objection, and these things, coupled with the fact that Coffroth has not yet been granted a permit for December, occasioned the drafting of entirely new articles.

Under the present agreement Fitz and O'Brien will fight twenty "or more" rounds at Mechanics' Pavilion between December 20 and 21, 1905, the definite date to be decided by Promoter Coffroth before December 1. The fighters will get

60 per cent of the gross receipts, of which the winner will receive 75 per cent and the loser 25 per cent. Forfeits of \$2500 each are to be deposited with the sporting editor of a San Francisco paper, the forfeit of any one of the three parties to the contract to be equally divided among the other two parties in the event of a failure to comply with the articles of agreement.

Eddie Granev is named as referee in the articles of agreement. This will do away with a lot of unnecessary argument occasioned by fighters when they postpone the choice of the referee until within a few days of the date of the contest. The remainder of the articles is devoted to mere details of the show, such as complimentary tickets, which are limited to 400; boxes at the show for the two participants, and the right of the men to have their representatives on the floor.

REV. E. E. BAKER TO GIVE LECTURE

On Friday evening, November 17th, at 8 o'clock, Rev. Ernest E. Baker, D. D., will give his lecture on "Pilgrimages to Literary Shrines," before the Men's League of the First Free Baptist Church, Twenty-first and Brush streets. The public are cordially invited to hear L. S. instructive and entertaining lecture. A collection towards renovating the church will be taken at the door.

WORCESTER, Mass., Nov. 16.—Stevens Salisbury, president of the anti-quarantine society, one of the wealthiest men in New England, and a noted philanthropist, died at his home here today of pneumonia, aged 70 years.

RAPID FIRE AMATEURS IN FOUR ROUND BOUTS

The card of bouts which the West Oakland Club will give tomorrow evening are without doubt the best that has been arranged for some time and the fans realize that they will get an excellent evening's sport.

The entire card is made up of the best talent which could be obtained from winners of former bouts, and the result will no doubt be a series of very hot matches.

The bout between Hop Lee and Johnny Crowe will no doubt be a good one, as both are anxious to be declared the winner and have prepared themselves for a hard contest.

George Smith and H. Meyer, who will come together in the second go, will certainly put up a rattling fight. Both are of the aggressive sort and will mix it from start to finish.

Young Windum, who meets J. Jones on Friday night, is a good one and can certainly go some. His opponent, Jones, is also good, as was shown in a previous contest.

Ed Bosco and Ed Carter will also give an exhibition of their boxing. Both men are in fine trim and are anxious to get at one another, and as both these men have a wallop, this contest is expected to be an interesting one. Both are fast men for their weight, 135 pounds, and a fine go will be in order.

Ed Mensor will again try to beat Jack Riley. Riley, who has a decision over Mensor, gained a number of pounds and is one of the cleverest and fastest men ever seen in the club. Mensor is one of the fastest and cleverest men in Oakland and has always given a good account of himself in former battles. This bout should be full of action from start to finish.

The bouts start at 8:30 sharp and will be run off in rapid succession. George Bashian will act as master of ceremonies and George Simpson will act as referee.

NEW CAPTAIN FOR YALE TEAM

NEW HAVEN, Conn., Nov. 16.—Horace A. Soper, of Bloomington, Ill., was last night elected Captain of the Yale freshman football team in place of R. S. Rose, whom the Harvard freshmen athletic attorneys have protested, alleging that he played on a college team before he entered Yale.

A GOVERNMENT STOPS FIST FIGHT

CHICAGO, Nov. 16.—A dispatch to the Tribune from the City of Mexico says:

The Government last night refused to permit a fight for the lightweight championship of Mexico between Corlin and Estheron. The contest was to have been to a finish for a purse of \$1500.

TO ELIMINATE FOOTBALL GAME

CHICAGO, Nov. 16.—A dispatch to the Record-Herald from Omaha says: The students of the Nebraska Central College, a prominent educational institution in this State, have decided by unanimous vote to eliminate football from the list of college sports.

In resolutions adopted yesterday the students assign as a reason for their action a desire for self-supporting athletics for clean sport and for noble manhood.

LIVE TURF GOSSIP

Favorites had their inning at Emeryville yesterday, four in succession, came home first to gladden the hearts of the talent.

Duchanan started the day's proceedings by just galloping home in the opening event. There were many good things in the race, but after the barrier was sprung there was nothing to it but Barney Scribner's black son of Sam. He was tring at the end, however, and Jockey Schade had to hustle his mount, to keep him to the front, as Dixie was pressing him pretty hard. Maid of Forney was third, and had she got away well, could have given the winner a struggle. As it was she ran a winning race.

The second race for two-year-olds resulted in one of the prettiest finishes seen here this season. Sir Edward and I'm Joe were about equal favorites. The latter was usual was away flying and set the pace all the way with Sir Edward after him. Sir Edward responded gamely when called upon by his rider, and never flinching under the whip, got up just in time to turn the tables on game little I'm Joe, and won by a nose. Equorum Rex ran an improved race and was an easy third. The others did not count for much.

Cruzados the crack of the Baldwin string, won the third race unopposed. He was held at the prohibitive 5 and all Crickett Kelly had to do was sit still and win as he pleased. Sable held the others safe for the place. Ruby tired after chasing the winner, but lasted long enough to get the show. Gregor E. who was con-

sidered very good in the East, was only out for an airing; he will do better.

The Kingston Handicap was captured by Sam Nicholas in the easiest kind of fashion. Jockey Davis had "Pucky" Ryan's black horse under double wraps all the way and his backers were never in doubt as to what the result would be. There was a keen struggle for place honors, however, and Lubin, who was making his first appearance here, just got up in time to score by a head from Rightful, who was tring badly.

The fifth race resulted in one of those unaccountable reversals of form. F. B. Shaw, who last time out was favorite and couldn't raise a gallop, came to life, and the odds of 5 to 1 went easily from Lustig the favorite, who latter had plenty of speed but fired. San Primo easily took short money and in a few more jumps would have been second.

The sixth and last went to Dod Anderson, who at the pleasing odd of 8 to 1, refused to wait for anyone and won from wire to wire, by several lengths. Overrode the second choice was an easy second all the way. Flaming ran a good race and got the short end of the purse from the favorite Princess Turbine. The Princess failed to run her race.

Harry Robinson's string arrived at Oakland from Leona. It consists of Sir Silver, Eduardo, Youth, Ada N., Trinity Bell and Pierce J. In the same car were Lansdown, Sand and Mildred Grist, the property of E. W. Fitzgerald.

Jake Holtman is one official who is quite democratic in spirit. Although his salary for a day is more than an or-

inary clerk's salary for a month, this official does not falter to stop and have a heart-to-heart chat with the humblest.

Plunger McManus is a recent arrival from the Middle West.

Frank Fretter boosted Melodious from \$500 to \$800. The horse did not change stalls.

Tom Fox, a director of the State Fair, was at the track yesterday.

Harry Frolch has the distinction of being the only one in the ring who has had three winning days. Frolch did not win a million dollars, but he ended on the right side of the balance sheet by a small margin each day.

Bookmaker Jack Keene, who cut in Saturday under the name of the Colonial Club, had to give way to Hugh Jones as somebody stepped on his bank roll.

Trainer Billy Short deserves great credit in patching up Epure. The old campaigner is himself again.

Billy Cross will make three engagements for Jockey Prior.

Texas Jones is here and may cut in next week.

Frankie Neil is a daily visitor at the track. The little fellow is a careful better, but he backs his judgment in large quantities when he knows he is right.

Billy Roche has a string which he will race here soon. Jockey Ralph Murphy, who is a first-class boy will ride for him.

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This ointment is for sale by
